# SOUTH ACADEMY BOULEVARD IMPROVEMENTS PROJECT

Oct. 4, 2024

---

## CONSTRUCTION UPDATE

[Haga clic aquí para ver la Actualización de Construcción en español](#)

(All schedules are weather and resource dependent)

---

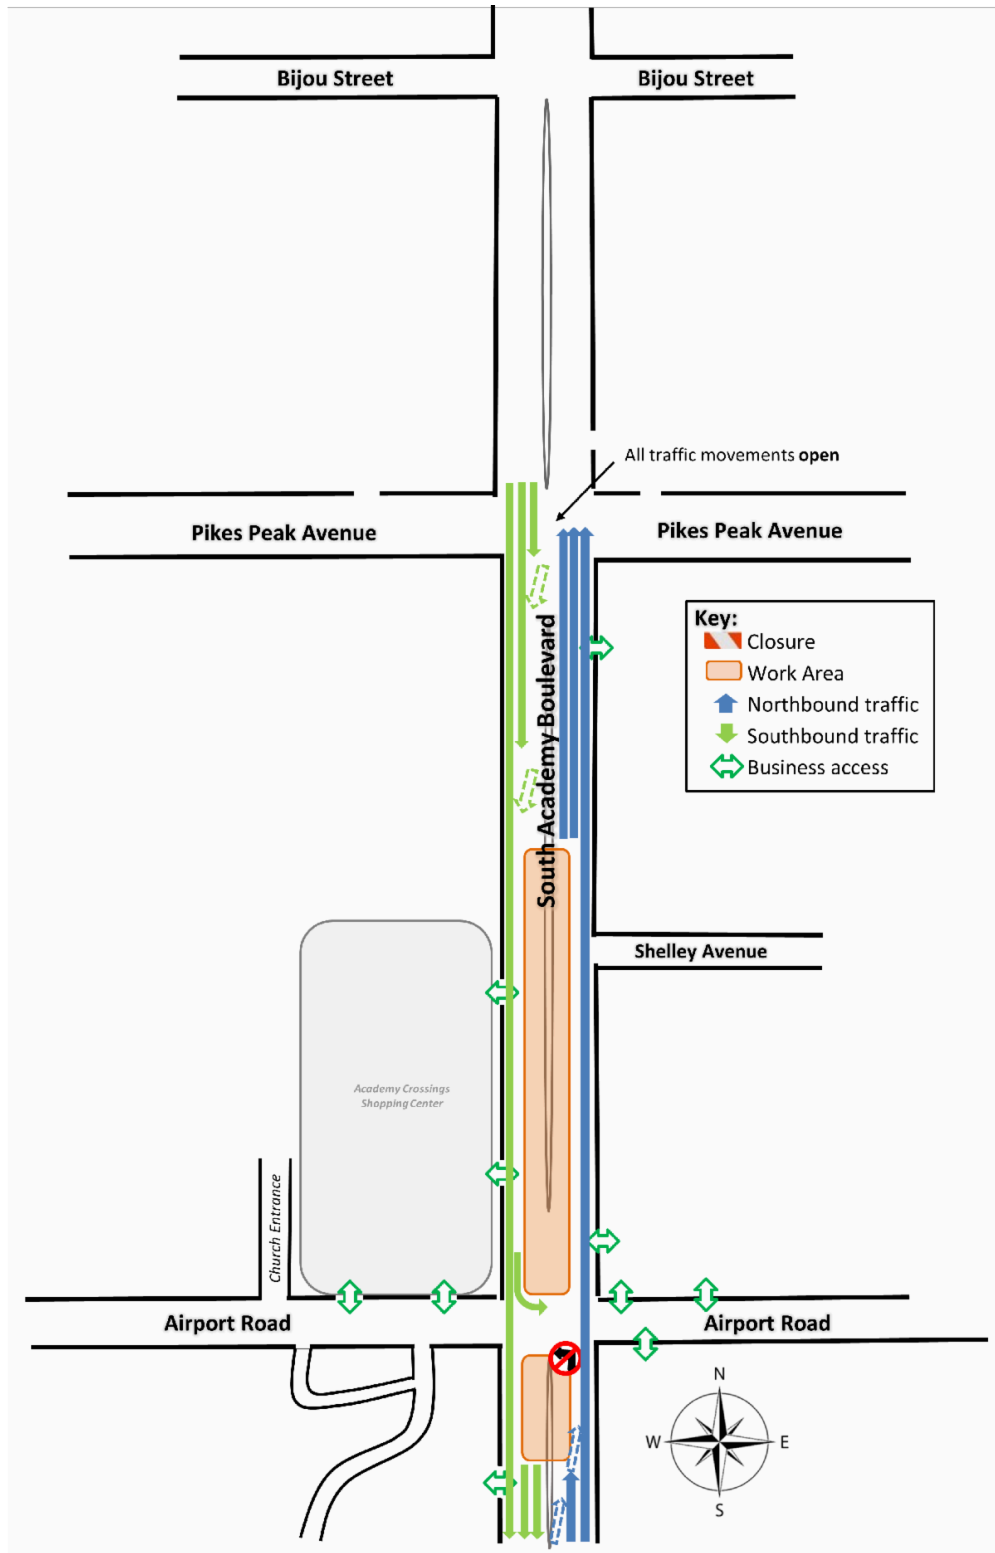

### **Airport Road reopens east of South Academy Boulevard**

Airport Road has reopened east of South Academy Boulevard. Paving operations and driveway tie-ins will continue in the area through October.

---

### **South Academy Boulevard travel lanes realigned for median work**

Median installation operations are taking place from Pikes Peak Avenue through the Airport Road intersection. These operations require travel lanes on northbound and southbound South Academy Boulevard to be reduced to one lane in either direction and moved to the outside of the roadway. Northbound South Academy Boulevard traffic is restricted from turning left onto westbound Airport Road, southbound South Academy Boulevard traffic has no turn restrictions at Airport Road. This configuration will be in place until Saturday, Oct 12. See traffic map, below.

## Stay Informed

The South Academy Boulevard Improvements Project addresses aging pavement, curb and gutter, and improves drainage along the project corridor. To provide for better multi-modal and pedestrian access, a new multi-use path is being constructed on one side of Academy Boulevard. Due to existing drainage issues and occasional occurrences of standing water in the roadway, significant drainage improvements are being made.

This is a voter-approved, Pikes Peak Rural Transportation Authority (PPRTA) A-listed project. Estimated cost to address aging pavement, curb and gutter, and improve drainage along the project corridor: \$62 million.
